

## SYMPOSIUM ON

“JUSTICE DELAYED IS JUSTICE DENIED”

17<sup>TH</sup> JULY, 2019 TIME: 11:00 AM

Dr. B.R. Ambedkar University of Social Science,  
Ambedkar Nagar, Mhow, Indore, (M.P.)

'Justice delayed is justice denied', the oft quoted words of William Goldstone best portrays the judicial system prevalent in our country. Securing justice - social, economic and political to all citizens is one of the key mandates of the Indian Constitution. There are several reasons involve in delivering a judgement or justice. With this state, it is pertinent to analyse the causes of delay in justice and the practical solution to overcome this serious problem. According to National Judicial Data Grid (NJDG) there is a disproportionate delay in discarding of cases, and more than 30 million cases are pending in courts and an average time for one case takes more than 4 years to reach its justice, which is costlier in terms of money and time.

So, it has become an important topic of discussion among academicians, intellectuals of this field and in government. For a healthy discussion, this symposium is planned on this topic so that a narrative for further discussion can be drawn.
